

# FLORESTONE

A spec above.

## MADE FOR THE TRADE

The Saflor Shower Base by Florestone stands as the quintessential choice for Multi Family Projects, setting a new benchmark in durability, design, and installation ease. The contemporary design seamlessly integrates into various architectural styles. Enduring construction minimizes the need for replacements, reducing waste and offering long-term savings; and its pre-leveled base facilitates a straightforward, time-saving installation process — crucial for the fast-paced timelines of Multi Family Projects. Choose the Saflor Shower Base for your next project and experience the perfect synthesis of form, function, and durability.

# SAFLOR RECESSED SHOWER BASES

- **Local Inventory:** Supported by local inventory, enabling you to complete your project on time and on budget
- **Exclusive Wedge-Lok® Seal:** Florestone Saflor Shower Receptors come with an integral drain molded into the receptor, eliminating the need for a separate drain. The exclusive seal is easily installed without special tools. No caulking, no mess, no places to leak.
- **Ease of Installation:** For over 60 years, Saflor pans have been the contractor's choice for durability, reliability, and ease of installation. Set it and forget it. No mortar is required on the subfloor as long as the subfloor is level!
